

MASTERCLASS DU CMR

UPDATE ON TRIGONOCEPHALY

Jeudi 24 Novembre 2022

10^e étage Hôpital Pradel GHE, Lyon

centre de référence
maladies rares

13h 45 Accueil participants

14.00 Introduction

M Mottolese, F Di Rocco

PART I : THEORETICAL ASPECTS

14.10 Physiology of metopic suture and trigonocephaly

M Vinchon

14.20 Cognitive outcome in trigonocephaly

I Verlut

14.30 Indications for surgery

G Paternoster

14.40 Why questioning the indications

ML Van Veelen

14.50 *Discussion* : D Johnson, E Gimbert, L Riffaud

PART II : TECHNICAL ASPECTS

15.00 Metopic veins

F Di Rocco

15.10 Surgical principles of trigonocephaly surgery

A Szathmari

15.20 Orbital contour and maxillofacial nuances

J Chauvel Picard

15.30 *Discussion* : ML Van Veelen , T Roujeau, I Stella

16.00 *Break*

PART III : SURGICAL NUANCES

- 16.20 Anterior skull remodelling for trigonocephaly: How I do it (Tips/tricks/complications) U Thomale
- 16.30 Anterior skull remodelling for trigonocephaly: How I do it (Tips/tricks/complications) T Protzenko
- 16.40 Anterior skull remodelling for trigonocephaly: How I do it (Tips/tricks/complications) G Tamburrini
- 16.50 Endoscopic remodelling for trigonocephaly: How I do it (Tips/tricks/complications) H Delye
- 17.05 Anterior skull remodelling for trigonocephaly: esthetic considerations D Johnson
- 17.20 *Discussion*: ML Van Veelen, A Gleizal, C Mottolese, G Paternoster
- 17.30 Long term results of trigonocephaly surgery M Vinchon
- 17.40 How to improve secondarily the esthetic results A Gleizal
- 17.50 *Discussion* : D Johnson, G Tamburrini, U Thomale, H Delye, T Protezenko

PART IV SURGICAL SIMULATION

- 18.00 Simulation on 3D models and discussion on surgical nuances All participants
- 19.30 *Discussion*

We thank Collin®, Mectron® et KLS Martin® qui ont mis à disposition les instruments chirurgicaux pour l'atelier pratique.
